NAME BADGE BUTTON

## Artwork Instructions for Custom Giant Name Badge Button

Use this artwork guide to create your graphic design on the Giant Name Badge Button. Preferred file format is PDF, with embedded or outlined texts (Select > Object > All text objects, Right Click > Convert to Path or Create Outlines). Background graphic should continue to the cutting line.

For the Giant Name Badge Button, we only need a single file per design. Personalization is generated during printing stage, so you don't need to supply each individual name separately.
